To become a successful professional in the field of Information Technology and to work in an innovative and competitive world.

PROFESSIONAL SUMMARY

- Over 3 years of IT experience in Development and Maintenance of **Python Applications** as “**Software Engineer**”.
- Strong experience in cleansing excel data using Pandas and Python
- Good experience in developing web applications implementing **MVT** architecture using **Django & Flask**.
- Built Web application using Python, **Django, ORM, Flask, SQLAlchemy (ORM)**
- Strong experience using **REST Web Services** and **API** in python.
- Strong object-oriented programming skills.
- Better understanding of server-side template languages like **Jinja 2**.
- Experienced working in relational databases like **MySQL, PostgreSQL, SQLite**
- Experience in Web Technologies including **jQuery, Ajax, JavaScript & HTML, WordPress** and **Bootstrap**
- Dedicated and highly ambitious to achieve organizational as well as personal goals.
- Efficient in planning and work through highly iterative design phases.
- Knowledge of Software Configuration Management tools like **GitHub, GitLab**.
- Exposure to IDEs like **PyCharm, VSCode, Spyder**.
- Brief Knowledge about **Swagger documentation**.
- Brief Knowledge about **Docker**.

TECHNICAL SKILLS

Programming Languages : Python 3.x, Reg-Ex, Logger.

Frameworks : Django 4.x, Django DB(ORM), Flask, Flask-SQLAlchemy

Front End Technologies : HTML, CSS, JavaScript, jQuery, Bootstrap 4.x,

JSON Databases : MySQL 5.x/8.x, SQLite3, Postgres

IDE & Text Editors : PyCharm, VSCode, Jupiter Notebook

Data Science Library : NumPy, Pandas

API Testing Tools : Postman, Requests, Swagger

Web Services : Django Rest Framework, REST, Serializers

Operating Systems : Windows 7/8/10, Unix.

WORK EXPERIENCE

- **Buzzworks Business Services Pvt Ltd** • Software Engineer from 06 June, 2023 to 28 Aug, 2023.
- **NeoSoft Technology** • Software Engineer from 27 June, 2022 to 25 Nov, 2022.
- **Outworx Solution Pvt. Ltd.** • Python Developer from 02 August, 2021 to 26 June, 2022.
- **Infoville Solutions** • Python Developer from 19 November, 2018 to 30 July, 2021.

PROJECTS WORKED SO FAR

Project Name: TranZact

Company Name: NeoSoft Technology

Technologies: Django, ORM, SQLAlchemy, Python 3.x, JavaScript, Ajax, jinja2

Description: inventory reports allow you to compile and analyze essential data, like transactions by site or warehouse, itemized inventory levels by SKU, or individual customer purchase order history. Automatic low stock level notifications ensure you will never lose out on another sale due to stockouts. Set automatic re-order points down to each bin location and preferred vendors for each inventoried item.

Responsibilities:

- Gathers software requirement from the client.
- Familiarity with Unix environments.
- Design and develop front-end by using Bootstrap3, HTML, CSS, jQuery
- Design database design for the system
- Develop back-end components to improve responsiveness and overall performance
- Write effective, scalable code and use server-side logic
- Created Rest API for automate mail send on events to employees.
- Design and implement of low-latency, high-availability, and applications
- Familiarity with some ORM libraries

Project Name: Milestone Tracker

Company Name: Outworx Solution Pvt. Ltd

Technologies: Django, Python 3.x

Description: Milestone Tracker is a tool where we can add developers, add projects. We can add actual plan details and add milestone date for that project. It will show plan reports, project reports, and upload projects using excel. Dashboard show running projects, hold projects and completed projects count and display in graph which is completed and running projects of tower wise. Download and upload project reports through searching.

Responsibilities:

- Develop back-end components to improve responsiveness and overall performance
- Write effective, scalable code and use server-side logic
- Familiarity with front-end technologies
- Design and implement of low-latency, high-availability, and applications
- Integration of data storage solutions.
- Familiarity with some ORM (Object Relational Mapper) libraries.
- Hands on experience with Django and Python frameworks.

Project Name: Mart Co.Op.

Company Name: Infoville Solutions

EDUCATION

Master of Computer Application from **Nagpur University**.

Bachelor of Commerce (Computer Application) from **Nagpur University**

HSC & SSC from **Maharashtra State**

PERSONAL DETAILS

Name : Namrata Dinesh Moundekar

Gender : Female

DOB : 05-04-1991

Address : Flat No. 106, Vaastu Sarovar society, Near Amrut Palace,
Wagheshwar Bhawdi road, Wagholi, Pune-412207.

Declaration

I hereby declare that all the above details given by me are true to the best of my Knowledge.

Place: Pune

Date: / /2023
